MANIFESTO

Saving the planet.

Clearly the responsibility of
superheroes and caped crusaders.

Surely not of the people.
And definitely not of plush manufacturers.

Yet here we are.

Soft-toy producers on a mission.
Mission to bring children happiness,
protect their future
and educate them about
the world we're out to preserve.

Long before climate change was real,
and sustainability was even a word,
we were putting smiles on faces.
With premium plush animals,
made with the highest regard for nature.
It's the ways of our past that make us
fit to fight for our future.

Eighty-five years down the road,
we still do what we can.
And every day we strive to do more.
Because you don't need superpowers
to make a difference.

BON TON TOYS
GREAT PLUSH. BETTER WORLD

PLUSH

SAVING THE PLANET ONE PLUSH AT A TIME!

The WWF Classic Collection consists of a wide range of soft lifelike plush exclusively created for the World Wide Fund for Nature (WWF).

The WWF Plush Collection is sold in over 50 countries worldwide in the best and most beautiful shops and department stores. For every plush sold a donation is made to your local WWF office to support their conservation efforts.

ECO-FRIENDLY AND SOCIALLY RESPONSIBLE PRODUCTION

All WWF plush products are sustainable and therefore last a lifetime. They are manufactured according to the highest standards when it comes to sustainability (Der Blaue Engel) and are made with a 100% recycled PET bottle stuffing. Our suppliers are carefully selected and all meet the "ethical supply chain" (ICTI) status.
