Mr Maria

STUDIO

Mr Maria is a design brand based in Amsterdam, we create iconic character lamps. Everything we do, we do with great care and attention – in a way only family could. That's why we live by 'We are family': a statement reflected in our products, for our team a brand philosophy.

From our labour of love a curious collection of character design lamps has grown, their mix of personalities showing the world that family can take on any form. Our fortune doll Kokeshi, elephant Anana and icon Miffy may not be of the same descent, they're forever connected by things more important: what's within their shape and heart.

1. LIGHT. Certified LED personalized by Mr Maria, reassuring in spirit and at night.
2. DESIGN. Timeless shapes and durable materials, so you'll never have to say goodbye.
3. COMFORT. Designed to be lifetime companions.
To make life shine even brighter or to guide you back when you need light the most.

Our dedication to character design and light design now shines brightly across the world. Mr Maria designs are made to be family and we hope to see them become part of yours. Proudly introducing you to our character light designs, made with love for a loving home.

The people you collect around you,
The items you cherish most in life
All of them make up your family,
All of them make up your home

We are family

THE MIFFY AND FRIENDS COLLECTION

Mr Maria celebrates the colourful world of Miffy, originally created by esteemed Dutch illustrator Dick Bruna. Bruna's distinctive ability to engage a universal audience through powerful storytelling and minimalist design is reflected in the iconic design of this set of lovable characters: Miffy, Boris, Snuffy and Lion.

FIRST LIGHT miffy and friends
